Full-stack developer focused on building scalable, AI-powered web applications with clean UI and strong backend architecture.

Education

- National Institute of Technology Jamshedpur**
Bachelor of Technology in Metallurgical and Materials Engineering
Jamshedpur, Jharkhand
2023-2027(Expected)
- Shyam Sundar Saraswati Vidyalaya Intermediate College**
UP Board Class XII
Ayodhya, Uttar Pradesh
2020-2021

Experience

Helium Smart Air Private Limited | Full Stack Developer Intern

May 2026 – Present

- Assisting in the development and maintenance of company web applications using Next.js, React, and Node.js.
- Collaborating with the development team to implement features and resolve bugs.
- Working with backend logic, database integration, and application workflows.
- Building responsive UI components and improving frontend user experience.

Projects

NextFlow – AI Workflow Builder | [Link](#)

April 2026 – May 2026

- Built a pixel-perfect AI workflow builder inspired by Krea.ai using React Flow and Next.js.
- Implemented drag-and-drop workflow nodes with type-safe connections and DAG validation.
- Integrated Google Gemini API with Trigger.dev for multimodal LLM execution workflows.
- Developed workflow history tracking, Clerk authentication, and PostgreSQL persistence.
- Added parallel workflow execution, FFmpeg-based media processing, and JSON import/export support.
- Github Repo:** <https://github.com/Charlie8989/nextflow>

BOLOBOSS – Mock AI Interviewer | [Link](#)

Sept 2025 – Oct 2025

- Built a SaaS-based AI mock interviewer enabling real-time voice interactions using VAPI and OpenRouter for LLM response handling.
- Designed a credit-based usage model with Razorpay payment integration for scalable monetization.
- Implemented AI-generated performance feedback using structured evaluation prompts.
- Built a full-stack application using JavaScript, Next.js, and Node.js, enabling real-time AI-based interactions.
- Github Repo:** <https://github.com/Charlie8989/ai-recruiter>

Technical Skills

- Frontend:** ReactJS, NextJS, Tailwind CSS, HTML, CSS, Bootstrap, shadcn/ui
- Backend:** NodeJS, ExpressJS, MongoDB, Javascript, Typescript
- Tools:** Git, GitHub, Figma, Framer, Spline3D, GSAP, ThreeJS, Docker, Kubernetes, AWS

Roles And Responsibilities

- Creative Head:** *Team Phocus Photography Club of NIT Jamshedpur*
Led the club's creative direction, planned photoshoots, mentored team members, and conceptualized visual themes for college events and campaigns.
